## Tony Hawk Kids 2017 Back-to-School Collection

THK-013 is a triple laminate acetate with sporty colour-blocking and a striped motif on the temples. The softly rounded rectangular eye shape is a popular boy's look this season and the universal fit bridge will accommodate a wide consumer base. Vivid colours of black blue, navy red and green blue will please even the pickiest skater boy.

THK-016 is a metal/acetate combination frame that combines a sporty, stainless steel, semi-rimless front with custom-designed acetate temples. The temples feature a faux wood temple sleeve with a staggered horizontal layer, yielding a unique layered visual effect. A custom graphic skull design is printed on the inside of the temples, giving THK-016 serious cool appeal. THK-016 is available in steel blue, gunmetal and dark red. This collection is distributed in Canada by WestGroupe.

## Dr. Jonathan Talamo Joins Johnson & Johnson Vision as Chief Medical Officer

Johnson & Johnson Vision Care, Inc. today announced internationally known ophthalmologist Jonathan Talamo as its new chief medical officer (CMO) and worldwide vice president of medical affairs and clinical affairs for Johnson & Johnson Vision, which comprises both its vision care and surgical businesses.

Dr. Jonathan Talamo

"Dr. Talamo is recognized in the eye health community as a leader who is on the cutting edge of innovation," said Peter Shen, global head of R&D for Johnson & Johnson Vision. "I look forward to working with Dr. Talamo to help our teams in medical and clinical affairs better serve patients."

Dr. Talamo joins Johnson & Johnson Vision from Ocular Therapeutix, Inc., a public bio-pharma company where he served as CMO. Prior to Ocular Therapeutix, Inc.. He previously owned a private medical practice for almost 20 years, specializing in refractive surgery, cataract surgery and corneal transplantation.

## Charmant Launches its Blue Label Collection

### CHARMANT Blue Label

With its high standard of quality and technology, the Charmant Group is proud to announce "CHARMANT Blue Label", a new collection offering good-quality titanium eyewear with a versatile design for men and women in an affordable price range. Perfect Optical is the Canadian supplier for this line.

The collection definitely offers ultimate comfort. In addition, this collection is offered in a wide range of colours. For example, basic black or grey creates a calm and quiet mood, while colourful red or orange offers a more casual taste. Customers can choose their favourite style from these variations.
