VISION EXPO WEST BOOTH 18053

◀ **WESTGROUPE'S EVATIK LETS THE PAST IN.** Part of its fall collection, Evatik's vintage-inspired Style No. E-9083 is an acetate frame with a round eyeshape and keyhole bridge. Its solid metal cap on the temple confirms its subtle, yet very present, style. Colorways include matte black, shiny black, and rich tortoise. **For more information, contact WestGroupe at 800-361-6220 or evatik.com, or at Vision Expo West, #18023.**

ISSON USES ITS IMAGINATION. The seven new ophthalmic frames and 12 new suns from Isson show the avant-garde Australian company's latest take on creative eyewear. The suns include three models designed in collaboration with swimwear company We Are Handsome, and the ophthalmic range introduces designer Catherine Federici's hinge-plate design (seen previously on her suns). All frames are Australian designed and made with bespoke Italian acetate. Lady Hoofing is shown here. **For more information, contact ISSION Eye Candy Optics, distributed by Fusion Eyewear, Inc., at 888-344-8746 or fusion-eyewear.com, or at Vision Expo West, #G23005. ▶**

PERFECTLY FIT FOR EVERY ATHLETE

For optimum protection and comfort, an eye protector must fit properly and stay in place. So, Leader® C2 is available in three sizes from youth to adult, and multiple wearing options – temples with strap, strap only, helmet strap. Leader® C2 temples are supplied with core wires that make them fully adjustable. And a soft, replaceable bridge assures hours of wearing comfort.

- Expanded viewing field - up to 20 degrees greater
- Three sizes in six stock colors
- Strap-Adapt™ converts temples to strap-only retention, minimizing inventory
- Patented SprinGuard™ bevel for consistent ASTM F803 compliance
- Match uniform colors and team numbers with customization option (\$10)
- All at a price as low as \$49.99, so it's affordable to more patients
