## KLiiK Denmark Introduces Stainless Steel Eyewear For Women

The eyewear is a semi-rimless model available in a variety of colours, and featuring a quilted pressed pattern on the temples

K-527 is a semi-rimless stainless steel model for women with a sharp look that is uniquely KLiiK denmark, a WestGroupe brand.

While the two-tone rectangular shape adds drama to the frame, the quilted pressed pattern on the temples adds surface interest.

The eyewear is available in brown turquoise, red melon, purple black and black white. This model is available in size 51-18-140.
