FW Exposé

FW Exposé is Fashion Weekly Magazine's latest addition in 2013. As a part of a fashion forward demographic it is clear we love fashion, we love events, beauty, lifestyle, living healthy and much more. But, it's time we stepped up and offered our readers more. FW Exposé is just that! We look at current affairs, newsworthy discussions and taboo topics and bring them to you. These are real stories with real facts and we have some real comments!

Stay tuned as we turn the tables every month with FW Exposé and offer a new perspective to our readers about the world around us when it happens as it happens!
