New KLiik denmark k-539

With its round silhouette, K-539 is one of the highlights of the KLiik denmark Spring 2015 collection. Inspired by the vintage trend, K-539 is an intriguing unisex acetate frame with a P3 eye shape, keyhole bridge and end piece rivets that flatters both men and women with petite faces. The colorful strokes inside the acetate add the allure to explore closer. This fashion-forward frame is available in colors such as Black, Tortoise, Aqua Tortoise and Magenta Tortoise in size 47-20-140. For more information on KLiik denmark, contact 1-855-455-0042 or visit www.kliik.com.
