MEOW!

Turn heads with F-3526, a bold and stylish full rim acetate frame for women who are hooked on life. The tortoise pattern along the brow bar and temples, give this modern squared cat-eye shape a dramatic look. This model is available in nude tort, black tort, purple tort and grey tort in size 54-18-135. For more information on FYSH visit www.fyshuk.com

ORION FROM JUPITERSLIMS

Plan "B" Eyewear introduces a brand new JupiterSlims model, Orion. This beautiful new frame gets its brilliant colour palette from specialized acetate sourced exclusively from Japan. Plan "B" Eyewear are the first to use these materials in North America, meaning you won't see these types of colours anywhere else. Orion stays

true to its technical roots, utilizing a nickel-free alloy for the temples, screwless hinges and soft silicone nose pads that create an excellent fit. Lightweight, bold and fun, this frame is equal parts advanced technology and unique design. To see more, visit www.planbeyewear.com.
