NEW

TURA, INC.

TITANFLEX, 827014

Four fresh styles from this men's collection deliver fashion looks in a performance memory metal. The latest models feature a soldered flat metal bridge on wire or flat metal frame fronts. The modern and youthful 827015 offers a deep modern lens shape. **800.242.8872, tura.com.**

ZIMCO OPTICS, INC..

SIERRA COLLECTION, S344

The newest arrivals offer shiny finishes over acetate materials, spring-hinged temples, matte textures, unique patterns and gold embellishments. Each frame is carefully balanced for style and function.

ZYLOWARE.

LEON MAX 4033

The semi-rimless metal Leon Max 4033 walks the line between retro and modern styling with its cat eye shape. Driftwood mixes a light front and darker temple, while Dove is a perfect match for the fashionista who favors a subtler look. **800.765.3700, zyloware.com.**

CLEARVISION OPTICAL CO.. BCBGMAXAZRIA, ROSETTE

Following the trend of fashion brands showcasing gemstones in their eyewear on the runway, these five ophthalmics and three suns follow suit and also include texture. There's also colorful, watercolor prints reminiscent of prints seen in the brand's ready-to-wear collections. **800.645.3733, cvoptical.com**

WESTGROUPE, SUPERFLEX KIDS, SFK-160-2

For boys, six new styles (five stainless steel and one acetate) have a sporty, casual look while remaining durable. SFK-160 has three-tone coloring; the front and temples have two tones and a third, contrasting color outlines the entire frame. Snazzy color combos include black/green, gray/clay and navy/azure. **855.455.0042, westgroupe.com**
